PROFESSIONAL SUMMARY

Motivated Data Science student with strong skills in Java, Python, web development, and problem-solving. Seeking an opportunity to apply technical knowledge and contribute to innovative software projects.

EDUCATION

Raghu Engineering College <i>Bachelor of Technology in Data Science</i>	2024 – 2027 CGPA: 9.1/10
Sir C R Reddy Polytechnic College <i>Diploma in Computer Science Engineering</i>	2021 – 2024 Percentage: 87%

TECHNICAL SKILLS

Languages: Java, Python, JavaScript
Frameworks: React, Node.js, Express.js, Tailwind Css
DataBase: MongoDB, Sql, Firebase **Tools:** Git, GitHub, VS Code, Postman

PROJECTS

Freelancing App : Full-Stack Web Application - Developed a freelancing platform to simplify communication and project management between clients and freelancers. - Implemented authentication, role-based access, service posting, and project request workflows. - Built secure RESTful APIs and managed database operations for efficient data handling. - Created using React, Node.js, Express.js, MongoDB, and REST APIs.	Source Code
VitTube : YouTube Clone Application - Built a YouTube-style video streaming platform with search and playback functionality. - Integrated YouTube Data API to fetch and display real-time video content dynamically. - Developed reusable components and responsive layouts for smooth user experience across devices. - Created using React, JavaScript, YouTube Data API, HTML, and CSS.	Source Code
AI Resume Builder : MERN Stack Application - Developed an AI-powered resume builder platform to help users create professional and ATS-friendly resumes. - Provided multiple modern resume templates with resume download and sharing functionality. - Integrated Gemini AI API to generate and enhance resume summaries with AI support. - Built using MongoDB, Express.js, React, Node.js, and Gemini AI API.	Source Code

EXPERIENCE

MERN Stack Intern - Completed hands-on training in full-stack development using the MERN stack. - Built responsive web applications using React, HTML, CSS, JavaScript, and REST APIs. - Improved problem-solving, debugging, and project development skills through practical work.	Virtual <i>SmartBridge</i>
